KEN STÜCKENSCHNEIDER

Principal Designer, Stückenschneider Decoration & Design

Ken Stückenschneider, principal designer of Stückenschneider Decoration & Design, produces elegant interiors with a design aesthetic personalized to provide complete satisfaction to clients. His love for historical and traditionally-inspired architecture shines through each design project taken on with the philosophy based on the belief that a home should provide an everlasting, elegant atmosphere that suits the client's lifestyle while keeping everyday functionality in mind.

With his undergraduate degree in art history from Washington University and Masters of Interior Design at Pratt Institute in New York, Stückenschneider honed his talent through studies in England and Italy before leading the interior design department of Robert A.M. Stern Architects in New York. Now, back in his

home state of Missouri, Stückenschneider's business takes on an international clientele for the complete transformation of homes, townhouses and apartments in New York, East Hampton, Bel Air, Seaside, Palm Beach, Dallas, St. Louis, London, Toronto, Montréal, Hong Kong and Barbados.

Stückenschneider was recently recognized at the 2014 St. Louis at Home Architect and Designer Awards for "House of the Year" and "Traditional Interior Design" as well as the recipient of The Fashion Group International 2013 "Rising Star" award for interiors.
